Ann Hume, President

Merry Christmas and Happy New Year!

December 2016

We now have a drawing of the land showing the location of the trees (circles), the well, the proposed new building, depot with the outside shower and bath, and kitchen slab with the gate and the door in the wall. We also have a basic floor plan which shows the building we have priced at about \$100,000. The plan includes a building approximately 60' x 60' with a 10' overhang and 2 interior supporting walls. Some minimal allowances are included in the price, but not the finishing of the entire building. Below is a drawing of the basic plan.

The building will not be against the wall, but far enough away to allow a cross-breeze from the windows.

The overhang is on the right side of this drawing, but will face the gate. We will be deciding on the interior layout and fixtures we will need to complete the building as we will obtain the costs to finish it. We leased another year so we have time to raise the

do more planning and our present location for

money. While we took a loan to buy the land, we believe that to take on more debt is not a good idea.

We hope you will be able to help us raise the funds we need.

**Samuel**, the little boy with hydrocephalus that the police found in the garbage near death saw Dr. Metzger a neurologist. I am waiting for my new friend and God sent Barbara to call me with a MRI appointment. There is only one machine in Haiti. After that, God willing, he will have a shunt put in to remove fluid from his brain.

**Our newest little boy Medmyko**, age 6 months with club feet. His very poor mother who was unable to nurse brought him to my gate with his birth certificate and said if I didn't take she would throw him in the garbage. We are blessed to have him.

**Christmas** -- I'm dreaming of a white Christmas but this is the first time in 63 years I won't be home. My three sons are grown and married, husband working in Antarctica so we will have our Michigan Christmas in May.

My staff always gets two weeks Christmas vacation so I decided to stay with my kids

that have no family to go to. We will have a nice Haitian Christmas.

I now belong to MFI mailbox for missionaries so if any of you would like to send anything to the kids you may, but, IT MUST BE UNDER ONE POUND or I pay extra shipping and customs open any package over one pound, retapes it, and charges another fee!!!

The address to send it to is: Ann Hume, 3170 Airmans Drive #2252 GCH, Fort Pierce, FL 34946

Jesus is the reason for the season. Thank you to all of you for supporting us last year and pray this year we can build our new home.

Because of Christ, Ann

<Our Guerlande is back after being in Nebraska for 5 months with Dr Sean and Holly Leach. Unfortunately her Multicentric Carpotarsal Osteolysis has prevented her from walking but that doesn't stop her from zooming around on her knee pads or in her wheelchair. She is more amazing than ever and now speaks perfect English. The Leach's took excellent care of her including Holly staying with her at Shriners Children Hospital for a week.

Bendjina is a crippled girl we took in. Her mother brought her to my house. I will set up surgery for her. She walks on that crippled foot all hunched over.

We are a 501(c)(3) corporation which means that all of your gifts are tax deductible. Our Federal Tax ID # is 38-3554131. You can go to the Michigan Department of State or guidestar.org to review our filings. None of the officers or directors receive any payments for their services but we do pay the Haitian employees and the highest paid employee is \$250 monthly.
