Ann Hume, President

Merry Christmas and a blessed New Year from all of us!!!!

December 2015

<Right across the road from our rented house now and the new land we are making an offer on (pray) is an Episcopal Church camp where the pastor lives. He gave us free access to the lovely beach and soccer field.

This is Dr. Sean > Leach, Anesthesiologist from Lincoln, Nebraska. He comes to Haiti once or twice a year to work with a medical team. Sean and I have known each other for 3 years and he knows the kids, has seen the new land we are making an offer on and understands the mission. I have asked him to be on our board and he has accepted. We will legally vote him in at our next meeting in December. His wife also takes a part in our mission. We are honored to have him as a board member.

<This neighbor boy came to my gate a few days ago with an infected sore on his leg. I walked him to the clinic and paid the clinic myself to make sure he'd get treated. He came back with his Mom for a dressing change, which I did. I also gave him a quilt, coloring book, crayons, toothbrushes and toothpaste. I love helping poor people not just our own orphanage.

<Look what we saw on our snorkeling adventure!

This man walks about four> miles on the main road just to sell his pile of sticks to make a living. He has come to know me as his friend and allows me to give him a ride. I buy him food, a drink and give him some money. His clothes look like he's worn them all year. He did say he knows Jesus so I'm thankful one day he'll

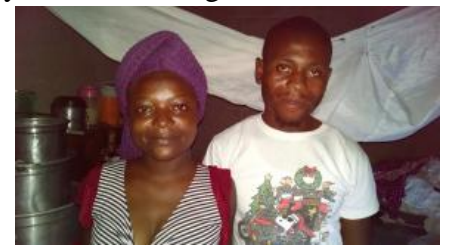

be in heaven and never have to suffer or work so hard!!!!

<The wonderful team that just left. 11 were high school students. They were all great!

We received our Christmas present early..... triplets!!!! Kwam told me a mother had three boys and asked if I could I help them. I found out where they lived and visited the family in this horrible cement block one room house with a tin roof. It was so hot in there, I couldn't stay in their house. They had no running water, no bathroom and no screens. I laid in bed that night unable to sleep. So.....they moved in here. All five of them. They also have a three year old son named Jilienson. The babies' names are Shadrach, Meshach and Abednego from Daniel 3:16. I picked those names because before they moved in with us they lived in a shack tin roof with no windows and it was so hot like a fiery furnace. The parents and everyone loves their names.

Haiti has the worst healthcare in the world and is the poorest country in the western hemisphere. This Mom never even had prenatal vitamins and gave birth to three healthy very little boys. This is definitely a MIRACLE!

We keep the babies in a screen tent the size of a single bed -- praise God we already had a tent. Our family has grown and is even more hectic now but God doesn't give you more than you can handle. (I have to keep telling myself that.)

So now we need to buy diapers, some formula even though she nurses, too, and more food. Everyone has adjusted to our addition to our family and everyone wants to help. It is a blessing for all of us.

We are a 501(c)(3) corporation which means that all of your gifts are tax deductible. Our Federal Tax ID # is 38-3554131. You can go to the Michigan Department of State or guidestar.org to review our filings. None of the officers or directors receive any payments for their services but we do pay the Haitian employees and the highest paid employee is \$200 monthly.
